

**We don't just
maintain gardens.
We help people stay
proud of where
they live.**

Meet Alasdair

After more than 20 years building businesses across Australia's largest banks, I decided to build something different.

Not because I wanted a career change.

Because I felt people deserved better than the typical service being provided.

I had heard the same stories from neighbours, friends and local residents:

"The gardener never turned up."
"They didn't return my calls"
"The job was rushed"
"I couldn't rely on them"

So I created **Local Mowing Solutions**.
A business built on a simple principle:

**Do exactly what you say
you'll do. Every time.**

Today we proudly care for properties across Boroondara, combining professional standards with genuine service.

We work with self-managed and plan-managed NDIS participants
